DEAL'S PUBLIC SERVANT

No. 1

He cooks perfectly—
and the best cooks use gas
because it is so easily con-
trolled and because it is
automatic—the oven looks
after itself. It is clean,
healthy and cheap.

He heats water quickly—
gas heats water automati-
cally—keeps a supply of hot
water always ready or heats
it on its way to the tap. It is
clean, healthy and cheap.

He warms healthily—
Doctors have gas fires
because a gas fire ventilates
and warms by radiant heat.
For central heating, heating
by independent radiators
and for lighting solid fuel

fires gas is at your service.
It is clean, healthy and cheap.

*He cuts down
housework and
increases comfort—*
Gas appliances for home
laundry, automatic refrigera-
tion, switch-controlled light-
ing—these are some of the
other services of gas to the
home.

Call at the Showrooms, where helpful and expert
advice on home planning is available free of charge.
